

History

Palms Presbyterian Church has a long history of sharing Christ's love with the Beach community and the world. Globally, for over 25 years, Palms has supported the Presbytery of St. Augustine's Mutual Mission with Jamaica. During the last 10 years we have been in partnership with mission partners in Haiti. The work there has included building, educational support, clean water systems and medical support for the clinics.

Locally, Palms' disciples have been involved with the creation of BEAM, Mission House and Pablo Towers. Now that support includes an expansion of mission working with Children and Families that includes the Baker, Carver and Jordan Centers along with the elementary schools from Mayport to Ponte Vedra. A listing of mission partners is included in this brochure.
